

Grapeseed

DESCRIPTION

You can find grapeseed oil in many skincare products on the market today. It is an oil that has many uses from applying topically as a facial moisturizer to using it to help strengthen and grow hair. This oil leaves a glossy satin like film over skin when mixed with essential oils and applied topically.

DETAILS

Botanical Name: *Vitis vinifera*

Extraction Method: Cold Pressed

Aroma: Grapeseed oil is odorless.

Shelf Life: 2 years from production date; store out of direct sunlight in cool temperatures. Refrigeration after opening is recommended.

THERAPEUTIC PROPERTIES

Grapeseed oil is widely used in skincare products such as lotions, lip balms and sunscreens. It has a satin like smooth finish when applied topically making it a favorite for use in massage therapy. It is used by many to help reduce the appearance of sunspots and wrinkles and is good for oily, acne prone skin. Grapeseed oil can be applied as a shaving lubricant.

SAFETY, STORAGE AND SHELF LIFE

There are no known safety concerns.
