

Jojoba

DESCRIPTION

Jojoba oil is a clear golden liquid with a long shelf life since it is absent of triglycerides. It is extremely rich in vitamin E and is a wonderful addition to your skin care line helping to promote a radiant, even complexion.

DETAILS

Botanical Name: Simmondsia chinensis

Extraction Method: Cold Pressed

Aroma: Jojoba oil has a very light yet pleasant nutty scent.

Shelf Life: 2 years from production date; store out of direct sunlight in cool/room temperatures. Jojoba oil may get cloudy however when warmed should return to its natural oil state.

THERAPEUTIC PROPERTIES

Jojoba oil is most popularly used as a natural moisturizer helping to treat aging skin, dry skin patches, and acne (however may clog pores). This oil is also used added to other carrier oils to extend their shelf life.

SAFETY, STORAGE AND SHELF LIFE

There are no known safety concerns.

We have some additional information about [essential oil storage](#) on our blog.
