

Ylang Ylang

DESCRIPTION

Ylang Ylang is a tropical tree which grows about 60 feet high with large fragrant, with multi colored flowers. Yellow is considered to be colored flower in quality and fragrance. Ylang Ylang has been used around the world for both hair care and skin care and can be found in many natural cosmetics. It was a popular ingredient of hair preparations in Europe and was known as Macassar Oil.

The delightful uplifting scent has also been used to help treat conditions ranging from mild depression to increasing sexual desire.
